BRIEF SUMMARY OF THE GREEK ORTHODOX SPECIAL RELIGIOUS EDUCATION CURRICULUM - 2025

REVISED JANAUARY 2025

PRAYER OF THE CATECHIST

O Christ the true light, enlightening and sanctifying every person who comes into the world. Let the light of Your countenance shine on us, that in it we may behold the indescribable light. Guide our footsteps aright in keeping Your commandments. Through the intercessions of Your all-pure Mother and of all the saints. Amen.

GREEK ORTHODOX SPECIAL RELIGIOUS EDUCATION CURRICULUM 2025

The purpose of this document is to outline the curriculum content for Greek Orthodox special religious education to the general public. It is a requirement of the Department of Education in New South Wales.

This is an outline of the 2025 program but the entire program comprises almost 300 lessons from Kindergarten to Year 6 and over 140 lessons for high school. The special religious education program endeavours to cover the key aspects of our Orthodox faith.

Aims and Goals

The program is designed to support the educational aims of public education for Orthodox Christian students, namely:

- To complement the existing curriculum with specific knowledge, skills or attitudes;
- To provide instruction in a specialised area (i.e., related to the Greek Orthodox faith); and
- To develop interest in religion as a discipline or field of study in its own right

There are five broad social goals:

- To promote the individual freedom of the child;
- To create an attitude of religious tolerance in the school;
- To accept everyone of all faiths;
- To reinforce the human right to religion; and
- To establish religiousness as an aspect of positive citizenship

There are five broad spiritual goals:

- To establish the importance of the human soul;
- To recognise that life is a great gift;
- To promote the happiness of the child;
- To foster the value of a religious outlook on life; and
- To encourage a sacramental life in children

Topics and Learning Outcomes

This document outlines the lesson content or topic for the 2025 Infants, 2025 Primary and 2025 High School stages. A more detailed curriculum including topic, aims and learning outcomes has been prepared and is available on request.

The Infants and Primary lessons are accompanied by a series of workbooks produced by the Pantanassa Monastery. Use of these workbooks is optional. For further details https://pantanassamonastery.org/scripture-lessons/

Emphasis

The emphasis in this curriculum is spiritual. It is not merely a matter of acquiring knowledge or facts as in some other school subjects. Religion is entirely different. Nor is it merely a course on ethics.

There is an emphasis on the individual freedom of the learner to absorb whatever they can at this stage in their religious development. The emphasis is on developing a Christian Orthodox identity.

Features and Content

Religious instruction cannot always be provided thoroughly in the home. Some features of the overall curriculum that are worthy of attention are:

- The program offers an educational scaffold for learners
- The program is multivariate in content
- The content of the units is timeless in its relevance
- The topic of each unit is actually applicable to people of all ages
- The program is descriptive
- The content of the units allows for increases in complexity across the ages

Finally, the general content falls under seven broad headings:

- Church (includes history of the church, vestments of the priest)
- Worship (includes the Divine Liturgy, prayers)
- Saints
- Our behaviour
- Feasts
- Christ (includes the life of Christ, parables and events in the New Testament)
- Old Testament

A curriculum where regular weekly access is not available

For 2025 a draft abbreviation of the full high school curriculum has been developed in those instances where weekly access is not available in a high school. Special religious education may be scheduled for only once a term or even less. In those instances it is impractical to deliver the standard schedule of lessons in its normal sequence.

An attempt has been made to provide an all-purpose and inclusive curriculum that over a period of years will cover the essential details for Greek Orthodox Special Religious Education. For ease of reference this has been titled "A restricted curriculum". The draft curriculum is divided into four problem-solving units with 17 topics:

- How does one become an Orthodox Christian?
- What is the purpose of becoming an Orthodox Christian?
- How does an Orthodox Christian become a living member of the Church?
- What Is the role of the saints, sainthood as the result of the life of the Church?
